## VERY FEW ARE LEFT

Charter Members of Limestone Lodge No. 36, K. of P., of This City

Under the old order of things, Wyandotte Tribe No. 16, I. O. R. M., of this city, was at the date named the only Tribe of that Order in Kentucky that had any standing—or anything else worth speaking of,—the others having faded out of existence; and on September 22d, 1875, the members of Wyandotte, to prevent a separation, organized a Lodge of Knights of Pythias, to be known as Limestone Lodge No. 36, these being the Charter Members—

Of the above 51 Charter Members, but 11—those marked with a †—are still faithful; and of the hopeful Brothers that launched old Limestone on her successful career that pretty September night in 1875 in the Lodgeroom in Sutton street, 23—whose names are designated by a \*—have found eternal rest in the beautiful City of the Dead.

The present membership of the Lodge is 160, and there are about twenty applications soon to be acted upon, while the financial condition is excellent.

TELEPHONE No. 43. G. W. GEISEL, OPPOSITE OPERA-HOUSE.

Albert McGlone and William Craven had a fight yesterday morning in Limestone street, in which the former received a stab in the left side. The weapon used was a small pocket knife and the wound inflicted is not dangerous provided blood poison does not set in. Both boys are about the same age, and each side has a different version of the affair. The matter will be heard in Police Court this morning. It was an unfortunate affair, occurring as it did.

## WAS WOMAN'S WAY

How a Wife Pleaded For the Release of Worthless Husband

The faithfulness of a wife was pathetically illustrated in the case of A. A. Duncan, an itinerant hatter, who struck this city last week.

After a few days work, with the proceeds whereof he got gloriously drunk—an unfortunate habit with all migratory mechanics—he was soon run in by one of Chief Donovan's aids.

While incarcerated a message was received from Ashland stating that he owed a board bill there and had skipped out by the light of the moon without even a parting goodbye to his landlord.

Duncan's troubles had assumed a portentous appearance when his wife entered upon the scene. She sought the Chief, and with tears flowing down her cheeks pleaded most earnestly for the release of her husband.

Mr. Donovan is kindly and sympathetic by nature, but during his interview on this occasion was rather stoical and indifferent, the appeal of the little woman seemingly having no apparent effect on the Big Chief. He knew his business, however, and was acting for the best interests of all concerned.

Saturday Duncan was brought into Court, and there being no one to appear against him he was given his liberty.

While in the Police Court room he had a fit of some kind and those about him thought he would die. A physician was sent for, who brought him around all right.

Duncan stopped several days with Manager Daugherty of the New Central, and left that clever gentleman with the bag to hold to the tune of about \$10.

Mrs. Duncan has a pleasant face, frail and delicate, lady-like in manner and speech, and to all appearances is deserving of better fortune than tracing after such a worthless fellow as her husband seems to be.

The woman is to be pitied.

## WHEN WILL IT STOP?

Something Must Be Done to Get Rid of the Hoboes

Saturday night as Charley Crane was passing the corner of Second and Sutton, he was accosted by two hoboes—members of the gang that infested the city that night—who asked him for a piece of money.

Upon Mr. Crane refusing to comply with the demand made upon him they berated him in an outrageous manner, whereupon Charley let loose and knocked one of them down; the other, taking to his heels, disappeared down the street.

About 12 o'clock, shortly after Mr. Crane had reached his father's house in East Fifth street and retired, Mrs. Crane was aroused from her sleep by some one on the back porch.

She endeavored to awaken her husband, but being tired and sleepy, he did not get up to investigate.

Yesterday morning on going out in the back yard a soft felt white hat was found, the shrubbery and flower beds trampled upon.

The numerous footprints indicated the presence of more than one.

The hat contained the initials of C. S., and the many dark pinholes bore evidence of having been caused by the sparks of a locomotive.

It is possible that the two hoboes, who had encountered Charley in the earlier part of the night, had dogged his footsteps home and had made the noise on purpose of enticing him out of the house.

If they had succeeded there is no telling what might have befallen him.

This class of men are cruel and heartless, and murder is mere pastime to a large number of the worthless scamps.

It may be that the hat was knocked off by a running vine near the porch as the prop on which it twined was lying on the ground.

Whoever it was, they were there for no good purpose.

The late Dr. T. S. Clark of Vanceburg carried \$30,000 life insurance.

## A Cure for Headache.

Any man, woman or child suffering from headache, biliousness or a dull, drowsy feeling should take one or two of DeWitt's Little Early Risers night and morning. ## KATHERINE WILLARD.

Katherine Willard has every reason to feel satisfied with her reception in Omaha. She was welcomed at the Boyd by an audience that was large, appreciative and sympathetic. She really won a triumph. She well presents the innocent girl who is placed in most trying situations, with nothing but her girlish instincts and love for her parents to guide her, and last evening had to respond to several curtain calls from the audience which gave generous expression to its appreciation of the young star's efforts.—The Omaha Bee.

Miss Willard will appear at the Washington Opera House on Monday, April 25th.

REPUBLICANS, ATTENTION!

The Republicans of Mason county are called to meet in Mass Convention at the Courthouse in Maysville, Ky., on Saturday, April 23d, 1904, at 1 o'clock p. m., standard time, to select Delegates to the State Convention to be held in Louisville on May 3d, 1904, for the purpose of selecting Delegates and Alternates to the Republican National Convention in the city of Chicago, Ill., June 21st, 1904; also, for the purpose of selecting Delegates to the Convention to be held in Maysville, Ky., April 26th, 1904, for the purpose of selecting Delegates and Alternates from the Ninth Congressional District to said Convention.

W. D. COCHRAN, Chairman.

DURING the last naval scrap between the Czar and the Mikado in the Far East, the Russian Flagship Petropavlovsk "went to the bottom of the deep blue sea," with Admiral MAKAROFF and 700 other names.

At the Democratic Primary in Bath county a few days ago voters were auctioned off like sheep, selling for from \$50 to \$100 each; and yet the Democrats are the only people who want fair and honest elections!

THE Republicans of West Virginia are said to be engaged in a bitter factional quarrel, and the Democrats have a chance to carry the state in November. It is believed that practically the same state of affairs exists in Kentucky.

In spite of the fact that the suit of McCabe's Administratrix v. Maysville and Big Sandy Railroad Company—a damage suit originating in this city—was a few days ago called and dismissed in the Federal Court at Covington, Judge JOHN D. CARROLL, Judge of a Kentucky Court, has set it for trial in the Mason Circuit Court at the June term. The outcome will probably breed more fun than two barrels of monkeys.

AFTER losing several hundred dollars each in wages, the Cincinnati plumbers have returned to work. They "struck" some months ago because the bosses would not collect a \$25 fine which the Union had imposed on a couple of men, or would not discharge the men because they refused to pay the fine. This is one of the modern Labor Union innovations for which common sense would not stand; and the strikers have paid quite dearly for their foolish action.

If "G. M. W." only knew a part of what he thinks he knows about the labor question, he certainly ought to know that Union prices, as well as non-Union prices, are regulated according to locality. He cites a case occurring in Cincinnati and applies it to Maysville, forgetting, in the very case cited, that this skilled mechanic had there perhaps one week's work out of four, and that here he is employed the year 'round; that there he worked from 16 to 18 hours out of 24, while here he works only 9 or 10 hours out of 24, and all in daylight. If the gentleman is so sure that the Union prices of Cincinnati will apply in Maysville, maybe he will engage to secure for the Maysville papers the prices charged for advertising by the Cincinnati papers. He will find that THE LEDGER charges \$18 a year for the same space that the Cincinnati paper gets about \$250 for. If he will engage to fill these columns, and keep them filled, at Cincinnati advertising rates, THE LEDGER will pay its employees 10% more than the Cincinnati Union scale; besides, he shall have a salary of \$50 a week, which will certainly lift him above the level of pauper labor.

With this, THE LEDGER declines any further controversy with a gentleman so learnedly ignorant of his subject, and respectfully suggests another forum for airing his views of what he is pleased to call "pauper labor"—a Hall, for example.

KICKERS' CORNER

If any one at any time for any reason has any cause to "kick" in any way at anything of any kind, here's the place to say his say. The door is open—walk right in and help yourself, free gratis and for nothing—but don't make your "kicks" too long—it's the short, quick fellows that count—and cut.

The name of the kicker must accompany the kick, or it'll be kicked into the waste-basket.

HIRE A HALL!

Editor Ledger: I read in your paper of the 7th inst. that real first class mechanics is not a member of any Union and that they are employed at higher wages than Unions prescribe. I take this tip for the basis of a few remarks on just such a fellow in your employ. When I look over the make up of your paper and see reading matter and advertisements displayed in such a manner that the whole shows that the artist has been fingering with the forms, I naturally drift back to the time when this same skilled printer belonged to a Union that formulated a scale of wages that not only clothed and fed him sumptuously but left a margin of twenty dollars a week that he could send his mother. I will let you write the affidavit and I will acknowledge the same before any notary public or magistrate that if your books show that the weekly contribution sent by this man out of wages to his mother is now the wages he receives under the pauper system of employment now in vogue, that I am the greatest liar that ever uttered a word in behalf of labor.

NINE-TENTHS OF THE MAYSVILLE PEOPLE ARE IN THIS CONDITION.

Our Local Druggist, J. C. Pecor, Says "Vinol is What Every Man, Woman and Child Needs at This Season of the Year."

Many people right in this vicinity are all run down, no strength, hardly able to drag about. Don't know what ails them.

In ninety-nine cases out of a hundred it is simply a run-down condition of the system—in other words, general debility.

Our Vinol is the one great tonic reconstructor which they need. It will create strength, tone up the digestive organs, cure all stomach troubles, create a healthy appetite, make rich, red blood and strengthen every organ in the body to do its work. It will drive away every feeling of lassitude, heaviness and depression, and infuse new life and energy.

Vinol is not a patent medicine, contains no injurious drugs, but it is the most delicious and valuable preparation of cod liver oil known to medicine, without a drop of oil to retard its work.

Mr. Andrew Jackson of Springfield, O., writes: "Every spring for years I have found myself in a worn-out, run-down condition, with no appetite, and before commencing the use of Vinol was practically a dead man on my feet. I tried this wonderful remedy, and am satisfied that it has done for me what doctors have failed to do in all these years. I am well and strong, and my entire system is full of vitality. As a tonic for a run-down, tired, debilitated system Vinol stands at the head."

I wish every man, woman and child in Maysville who is in this condition would try Vinol and prove what it will do. J. C. Pecor, Druggist.

### "DO IT TODAY."

The time-worn injunction, "Never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it TODAY, and let that remedy be Dr. Boese's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure, as it has done before in thousands of apparently hopeless cases of lung trouble. In half bottles, 25c; regular size, 75c. For sale at Henry W. Ray's Postoffice Drugstore.

The body of Captain W. T. Havens, who jumped from the Kentucky River Bridge at Frankfort March 27th, was found Saturday at the mouth of Stony creek, seven miles below Frankfort. The body was unrecognizable after having been in the water for three weeks, but the watch of the dead man, his key ring and other things in the pockets of his clothes identified it. The funeral will take place today at his old home at Mt. Sterling.

Daisy Fitzburgh Ayres writes from Washington that Kentucky society flocked brilliantly last week to the last reception of the season given by the beautiful young wife of Representative Van Duzer of Nevada—she who was Miss Nella Dane Webster of Cynthiana.

New York Bride Becomes Her Mother's Sister-in-Law

In New York twelve years ago Jeannette Wilhelmina Francesca Schintzler fell in love at her mother's second wedding and proposed to her new father's brother, Claude Howard Rafter. Jeannette was only 6, but she knew how to "pop the question."

Now Jeannette Wilhelmina Francesca and Claude Howard Rafter have married as a result of Jeannette's proposal twelve years ago. "We haven't quite straightened out the relationship yet," said Jeannette, "but it's something like this: "My father will be my brother-in-law and I will be my little brother's aunt. I'll be my husband's niece and he will be his wife's uncle, and I suppose you might say I'll be my mother's sister-in-law."

The venerable Mrs. Louise Geisel, mother of Mr. G. W. Geisel, yesterday observed her eighty-second birthday. ## Thousands Have Kidney Trouble and Never Suspect it.

**How To Find Out.**  
Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

**What To Do.**  
There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

The good town of Dover is not only on the map, but she is going to put down nice sidewalks from "end to end."

Master Tom White, son of Colonel and Mrs. Charles D. Pearce, who is ill with typhoid fever, is getting along very nicely.

Mrs. Nannie Pollitt, who has been quite ill for several weeks at the home of her son, George, in the East End, was able to be out Saturday.

Attorney James A. Violett was given a Jail sentence of six months and fined \$250 for malicious shooting at Frankfort. This is his second conviction for shooting Wingate Thompson.

William A. Dunham has brought suit at Cincinnati against Oscar F. Barrett for \$10,000 damages for injuries received while working in a mill at Levanna, O., where the plaintiff was employed.

Mr. Edward Smith, son of Mr. John T. Smith, the cigarist, has been appointed Carrier on Rural Route No. 1, vice Charles Purnell. Mr. Smith is a worthy young man, competent and courteous. The patrons along the route will find him obliging and accommodating.

Young George Dodson, who was injured the other day while riding a bicycle, is getting along nicely.

About a dozen hoboes camped in the old elevator lot in Limestone street Saturday night. They kept a fire burning brightly all during the night.

**Some Local Thugs Meet With a Warm Reception at Roundhouse**

Mr. Lawrence Clark, Foreman at the L. and N. Roundhouse, had an experience Saturday night with a trio of home hoboes that was exciting and exhilarating and real amusing to the non-combatants at least.

The Weary Willies entered the shops with the evident intention of taking possession, but they were counting their eggs without the host.

One made a vicious assault upon Lawrence, who put him down and out with a swipe of his lantern, and another, who came to the aid of his companion, was served in like manner with a like weapon of defense.

The third hobo was disposed of by Mr. Clark's son, who wielded a baseball bat with telling effect.

It's dollars to cents that these fellows will give the Roundhouse a wide berth in their night prowling hereafter, especially if Lawrence is on watch, for they found out to their entire satisfaction that it is a bad place to go for a scrap.

The C. and O. yesterday sold 100 tickets for the first Cincinnati excursion of the season.
